

# TMS RV-630

- Substantially longer life between rebuilds
- More durable material than used by competitors
- 1 piece seal/bearing sleeve vs 2 used by competitors
- 1 piece lip seal cartridge vs 2
- Interior oil return float with fewer parts to fail
- Metal oil lines and fittings vs plastic
- Aluminum check (anti-suck back) valve assemblies vs plastic
- Billet aluminum vs cast aluminum for the dam wall
- Billet aluminum vs cast aluminum for exhaust filter hangers
- Steel valves vs plastic
- Billet aluminum for the motor adapter vs cast aluminum
- Innovative state-of-the-art quick change coupling, which means no need to remove the motor to change the coupler element
- Additional exhaust filter window for easier installation
- 18 month warranty
