

FOR SALE: RECONDITIONED PUMPS

1 Year OEM Warranty on All TMS Vacuum Pumps & Boosters

Total Maintenance Solutions (TMS) provides reliable, tested products and delivers customers fast and efficient turn-around, **resulting in reduced downtime and increased production.**

TMS' reconditioned vacuum pumps and boosters have a one-year warranty equal to the OEM's - **at a fraction of the cost of buying new.**

TMS reconditions all brands of pumps, including but not limited to Busch, Kinney, Leybold, Rietschle, Beech Russ and Tuthill.

THE TMS DIFFERENCE

All vacuum pumps and boosters are precision reconditioned to meet, or exceed, the Original Equipment Manufacturers (OEM) specifications. TMS also offers a Partnership Program to extend your 12 month warranty to 18 months.

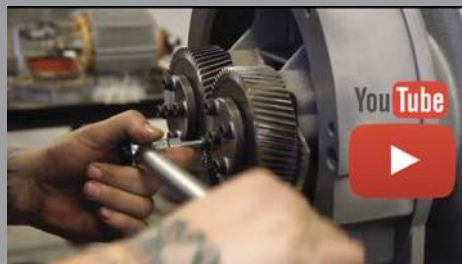

- Over 100 years of combined experience in maintenance and rebuilding of vacuum pumps
- Many critical parts & consumables are manufactured by TMS to work better and last longer than OEM
- On-site machining, spray-welding, sand-blasting, dip-tanks, and paint booth ensures the best standards in the industry
- All vacuum pumps are hot tested to meet or exceed manufacturer's specifications before they are shipped.

Don't wait for a crisis - contact TMS today to update your rotating equipment inventory. We can have a replacement pump on the road to your plant in just hours.

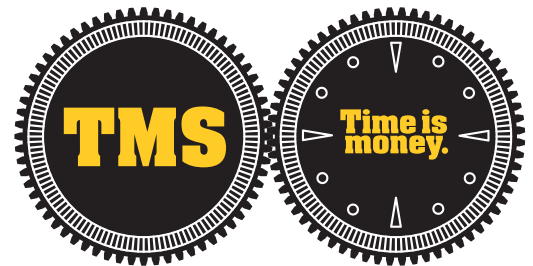

- ✓ **Need spares?**
- ✓ **Installing new lines?**
